Esker VSI-FAX for Notes 3.6 meets latest IBM Lotus standards for fully integrated fax

Leading pure Notes fax solution adds Lotus Notes and Domino 6 support

SYDNEY, Australia, 27 January 2003 – Esker Software, leading provider of solutions for the electronic delivery of business documents and information, announces Esker VSI-FAX for Notes 3.6 available immediately.

Providing fully integrated fax for IBM Lotus Notes and IBM Lotus Domino 6 environments, VSI-FAX for Notes 3.6 helps Lotus-based enterprises communicate more efficiently, effectively and economically with customers, partners, employees and the entire information supply chain.

New in version 3.6, VSI-FAX for Notes secures its position as the leading pure Notes fax solution with full Lotus Notes and Domino 6 compatibility, including seamless email-fax integration at Notes desktops and native integration with Domino servers, allowing administrators to take full advantage of Domino's inherent security and administration capabilities.

Says James Elkington, managing director Asia Pacific at Esker Software, "VSI-FAX for Notes 3.6 meets the automated fax needs of enterprises with the very latest Notes or Domino implementations, adding best-of-breed fax automation as a key element in the IBM Dynamic Workplaces initiative. VSI-FAX for Notes improves the enterprises ability to deliver business-critical, time-sensitive information while eliminating the high costs of paper-based fax or mail, improving productivity and boosting profitability."

VSI-FAX for Notes includes Delivery Link, a connector to Esker DeliveryWare Platform, providing multi channel e-document delivery via web, wireless, email, print and hybrid mail as well as fax.

About Esker Software
